

Dear Webster Elementary Families,

We are excited about the 2015-2016 school year! This is our second year providing a fun Extended Day program for the Webster school. Our Extended Day Program will be a model program of themed activities, from quiet games to crazy cooperation games, filled with fun and even some education while they play.

The Program:

Morning Extended Day is a time for relaxing, playing quiet games, reading books and talking quietly to friends. It will be a less structured time than the afternoon activity time.

Our Extended Day Program is organized much like a camp program. It will start each afternoon with a snack and Grades 1-5 will have a homework lab before starting their activities.

The children will then have daily activities to include arts and crafts, outside play, inside games, cooking, community service projects, computer activities and more. The end of the day will be an opportunity to do things such as play board games, play dough, read quietly, cards, coloring and construction toys.

We are planning to have some Enrichment Classes through outside vendors. These will depend upon the interest of the parents. Examples are: Drama Kids, Karate, Bricks4Kidz, Tumbling, Cheerleading, Art, and Science. These classes will meet at 3 pm MTThF and 2 pm on Wednesdays. They will also be open to Webster children who are not part of the Extended Day program. Please stop by at open house to see enrichment schedule.
