

# Webster's Kindergarten News

September 2016

**Reading:** We are working toward the expectation of reading level A books independently. We are continuing to work on letters, sounds, sight words, and name writing and recognition. Our goal is to learn 13 letters and sounds and 10 sight words by the end of the quarter. Students are learning the parts of a book and where to start reading a book and where to read if there is more than one line of text. Students are learning to identify rhyming words. For example: Do cat and mat rhyme?

**Writing:** We are continuing to learn letter formation and name writing. We are introducing end punctuation (period, exclamation, and question mark) and the parts of a sentence (beginning, middle, end, and spaces between words).

**Math:** We are continuing counting to 20 and counting up to 10 objects. We are also learning to write numbers to ten, which is our goal for this quarter. Our other goals for this quarter are to count to 20 and count up to 10 objects arranged in different ways. We are starting to count on from any number other than one. For example, students could be asked to start counting at 5 and continue on as high as they can. We are beginning to introduce 2-D shapes.

**Science:** We will be learning about vibrations, the five senses, and observing objects.

**Social Studies:** We are learning about rules, procedures, and citizenship in the classroom. We are also learning about maps, globes, water, landforms, weather, the calendar and timelines.
